

Dear Brethren,

Greetings in the holy name of our Lord and Savior Jesus Christ.

Hoping and praying that this email will find you and reach you all are in good health as we continue serving the Lord.

My family and I are also doing well. Our weather now is good and we are experiencing rain in the afternoon in which that is good for our crops.

We have lockdown for last two weeks just because of many cases or infected of corona virus (covid19). As of now, we are in MECQ (Modified Enhanced Community Quarantine) and we are very thankful to God that despite of this tragic trials none of the members are infected here at Taytay church. We are still able to gather and conduct our worship services because our barangay chairman does not roving around in our area and we are free to gather in our worship.

Last month before the ECQ implementation I was able to go and preach to the province of Isabela and Quirino. Visiting the brethren there house to house having bible study during their vacant time and they invited their neighbors to listen in our study. We are happy to share the good tidings of the gospel specially now that we in critical situation due to pandemic but through our joint efforts with my co-preacher we're still able to do our duty in spreading the gospel. Attached our photo on this occasion.

With regards to our radio program brother Jojo is still able to perform preaching through facebook account because he is the authorize to connect in the radio station. I was not able to go in Angeles City due to lockdown implementation and according to brother Jojo in their place is very strict and not allowed strangers only the authorized person of residence. We are praying that this situation is not last long so as not to affect our preaching. However, we do hope that God will handle this situation.

Till next email again.
May God bless us all.

Your brother in Christ,
Sammy C. Medrano
